Bakhodir Street, Qorasuv-2
Tashkent, Mirzo Ulug'bek

Summary

I'm a Front-end Developer.

Education

Amity University Tashkent

Currently completing courses in OOP in C++, DS using C   06/2024

- Graduated summa cum laude—4.7+ GPA

Skills

- HTML5
- JavaScript
- CSS3
- ReactJS

Experience

I have no work experience. I learned HTML, CSS, Javascript about and how to develop mobile responsive web apps. After learning these core web development concepts, I started to learn one of the most popular Javascript library ReactJS. Right now I'm focusing on React and I'm learning how to build complex web applications. I built two awesome web applications using ReactJS. These are Task Tracker app and E-Commerce Shopping cart. You can see them in my portfolio website **https://otabekkholmirzaev.github.io/portfolio/**.
